SKILLS
_____

Ruby • PHP • JavaScript • SQL • Rails • jQuery • React JS • Angular • Git • node.js • HTML5 • CSS • Bootstrap

EXPERIENCE
_____

HARRY FOX AGENCY | Music Licensing - New York, NY   Jul. 2016 - Present
Full Stack Web Developer
- Use PHP, CodeIgniter, and MySQL to process data from large licensing clients like Spotify and Apple
- Use jQuery and Bootstrap to create interfaces for licensing agents to schedule and generate reports for clients
- Created a tool that reprocessed unmatched songs from previous reports

GENERAL ASSEMBLY | Technology Education - New York, NY   Mar. 2016 - Jun. 2016
Instructional Associate
- Taught and answered questions regarding web development languages, frameworks, and libraries
- Designed exercises for students to practice using these technologies in development and production
- Reviewed code and assisted students with fixing, refactoring, and improving individual and group projects

GENERAL ASSEMBLY | Web Development Immersive - New York, NY   Nov. 2015 - Mar. 2016
Web Developer
Blackjack - card game web app
- Created UI using HTML, CSS, JavaScript & jQuery

WeCreate - a Wiki-type app where users can create, share, and edit creative work
- Built server-side logic with Ruby and Sinatra
- Used HTML, CSS, Bootstrap, JavaScript and jQuery for client-side functionality

Yoututorial - a curriculum site for users trying to learn a new skill populated with data from Youtube's API
- HTML, CSS, Bootstrap, JavaScript and jQuery on the front-end
- Ruby on Rails for the backend
- Worked on a team with 3 other developers and a Product Manager to develop this project

Era - a book recommendations app based on data from the Google Books API
- Material Design on the front-end
- Rails on the backend with calls to the Google Books and Google Places APIs

W.W. NORTON & COMPANY | Academic Publisher - New York, NY   Jun. 2014 – Nov. 2015
Assistant Editor, Digital Media (Physical Anthropology and Economics)
- Among many other editorial duties, I posted instructor resources for all disciplines to Norton's media website, addressed specific feedback from students and professors to improve media resources, and added necessary html and metadata to content on Norton's InQuizitive platform.

BRIGHT KIDS NYC | Tutoring and Publications - New York, NY   Jul. 2012 – Jun. 2014
Product Development Researcher & Writer
- Wrote a 330-page Common Core-aligned math workbook
- Edited published content
- Extensively researched the subject matter for any assigned project and informed the Publications Department, Materials Creation Department, and Account Management on the details of the project
- Provided writers and editors with resources and guidance for writing Common Core materials, which resulted in 745 ELA questions, 93 ELA passages, and 2,917 mathematics questions

EDUCATION : Cornell University - Ithaca, NY • May 2012 • B.A. English Literature & Psychology • GPA: 3.67
